This final section of the Camino del Norte takes you from the coast inland to Oviedo (which is also the starting point of the Camino Primitivo). From Ribadesella you still get to enjoy the coastline as you go up and down to towns and beaches before passing a famous Knights Templar site and Benedictine Monastery of Santiago to arrive in Colunga. A relatively short day follows along the valley before climbing up the Cabanona Pass and coming back downhill to another valley and the town of Villaviciosa.
